**MEMORANDUM**

TO: Principal Investigator  
From: Office of Sponsored Projects Administration  
Subject: Industry Funded Clinical Trial Account

As you know, the University has received any agreement from an Industry Sponsor to fund a clinical trial for which you will be the Principal Investigator. Congratulations on the award of this new project. The Office of Sponsored Projects Administration (OSPA) has the documentation necessary to establish an account, with the exception of IRB approval. Until such time as the University's IRB has completed its review and approval you may not enroll subjects or initiate recruiting of subjects. Failure to strictly abide by this restriction may result in your disqualification from future clinical studies.

OSPA is willing to establish an account in advance of IRB approval if you will agree to charge only preliminary expenditures to the account and acknowledge that you will not recruit or enroll any subjects until IRB approval is obtained.
